SRI LANKA ADVENTURE

What's in store?

SRI LANKA ADVENTURE IS ON!

The Lanka Adventure: the ultimate road trip for those who like their travel fully-charged and no-holds-barred. Each day you'll wake up, be told a destination you need to be at by sundown, get handed a list of challenges to complete along the way and the rest is on you. No GPS, no mercy. Challenge yourself against the elements and the unknown on one of the most exciting island nations on earth.

The Lanka Adventure is not a race – it's an Adventure. The format of the Adventure has been put together in such a way that speed should not be your number one priority. During the day, you'll be set checkpoints to reach and challenges to complete, and it's up to you and your teammates to come up with the best way to get it done.

During the evenings, whether you're camping next to a remote lake or nestling into a boutique hotel, you'll be toasting your success and swapping the day's stories with your fellow adventurers. And trust us, will there be stories!

LARGE MINORITY

FREQUENTLY ASKED questions

HOW MANY PEOPLE PER TEAM?

A team is made up of either 2 or 3 people. Apparently there is no 'I' in it. You get one Tuk-Tuk per team.

CAN I BOOK MY OWN ACCOMMODATION?

Unfortunately, no. Only because each leg will start from the hotel / overnight stop and the idea is to share our challenging travel experience together. Most importantly you wouldn't want to miss out on each night's social gatherings...

WHAT SHOULD I BRING ALONG?

Probably not your ski jacket Or that set of golf clubs. Sri Lanka has a tropical climate, so pack accordingly. The nights can get a little chilly, depending on the time of year, so a windbreaker jacket and a few light layers wouldn't go amiss. Other than that, bring all your travel essentials, some good quality sun cream and anything you think will make the long driving days more fun (we recommend honing your I-Spy skills beforehand).

We will also be sending you a what to pack kit list.

HOW ON EARTH DO YOU DRIVE A TUK-TUK?

Don't stress, they're very Friendly. If you can ride a scooter, you can drive a Tuk-Tuk. Besides, on the first day everyone gets mandatory Tuk-Tuk driving instruction and safety training. You'll have plenty of practice before hitting the open road.

HOW FAST DO TUK-TUKS GO?

Whoa there, speed racer. These bad boys can't really get over 40 kph. The average speed should be around 30 kph. Fast enough to get the blood racing, but not so fast you hit a cow. That's the sweet spot.

"I loved the Lanka Challenge! It was absolutely exhilarating! Pushing me to be brave, patient, determined and creative all in an unfamiliar environment. It totally immersed me into the culture & society of another country, all in a way a normal holiday could not provide. I can wholeheartedly say that this ticks all the boxes; exciting travel adventures, a sense of achieving something unique, seeing different walks of life from a new perspective, all with the camaraderie of completing it as part of a large and diverse group."
